Moving

Moving *Design Carlo Bimbi 2007*

La caratteristica originale di Moving è il meccanismo posto nel cuscino di seduta degli elementi terminali che può essere sollevato e bloccato su diverse inclinazioni: si può passare da una posizione orizzontale, che funge da seduta, ad una serie di posizioni verticali utilizzabili sia come bracciolo sia come schienale. Questa particolare funzionalità consente un uso innovativo e versatile del prodotto. Moving è un sistema di sedute da vivere: un'isola felice dove potersi rilassare guardando la tv, facendo conversazione, leggere o addirittura dormire. La qualità dei materiali di imbottitura utilizzati assicura un elevato grado di comfort esaltato dal poggia testa regolabile in altezza.

The innovative characteristic of this upholstery system is the mechanism that enables to change the position of the seat cushions. Therefore, the cushion can be adjusted into a series of positions that make it suitable for use as an arm-rest or a back-rest for reclined positions. The various elements composing the system, sofas, chaise-longues, lateral and corner units and poufs, guarantee a wide range of original compositions and the cushion flexibility enhances the product informal ease-of-use and versatility. The quality of padding materials ensures a high level of comfort, enhanced by an height-adjustable headrest.

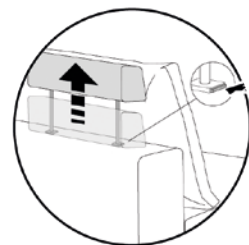

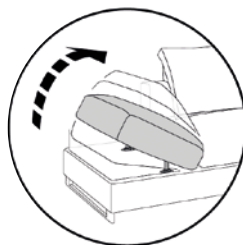

La caractéristique innovatrice de ce système de meubles rembourrés est le mécanisme à l'intérieur du coussin du siège terminal des éléments, qui permet d'en modifier la position. Le coussin terminal peut ainsi devenir l'accoudoir, le dossier ou l'assise. Cette fonction spéciale permet un usage innovateur et éclectique du modèle. Moving est un système d'assises à vivre: une île heureuse où se relaxer en regardant la TV, converser, lire ou dormir. La qualité des matériaux de rembourrage utilisés assure un degré de confort élevé, amplifié par l'appui-tête réglable en hauteur.

Das innovative Highlight dieses Polstermöbels ist der Mechanismus, mit dem das äußere Sitzkissen eingestellt werden kann. Die besondere Zweckmäßigkeit erlaubt eine innovative und vielseitige Nutzung des Produktes: es stehen verschiedene Positionen zur Verfügung, in denen das Kissen zur Armlehne oder gar zur Lehne wird, um sich bequem auszustrecken. Moving ist ein Polstermöbelsystem zu leben: eine Insel des Friedens, ideal zum Ausruhen, Lesen oder einfach zum Entspannen. Die hohe Qualität der Polstermaterialien und die in der Höhe verstellbare Rückenstütze garantieren maximalen Komfort.

La característica más innovadora de este modelo es el mecanismo del cojín de respaldo que posibilita el cambio de posición del elemento. Así el cojín puede ajustarse a diferentes posiciones que le confieren un uso polivalente; como apoyabrazos, como respaldo o como elemento reclinable. Además, la calidad de los materiales utilizados garantizan un gran confort que es aún mayor con el reposacabezas ajustable en altura. Las patas son de acero cromado.

Design Carlo Bimbi 2007

Struttura legno **Imbottitura fusto** poliuretano indeformabile D32 rivestito con angora 6 mm

Imbottitura cuscini seduta cotone trapuntato riempitura piuma d'oca con dima interna in resina espansa D45 + D30E oppure in poliuretano D40 + D30

Imbottitura cuscini schienale tessuto esterno in cotone riempitura in rhombo-fe

Supporto schienale regolabile in altezza telaio: metallo verniciato, particolari a vista in metallo cromato. Imbottitura: poliuretano indeformabile D70, rivestito con angora 6 mm

Bracciolo regolabile telaio: metallo verniciato, particolari a vista in metallo cromato. Imbottitura: cotone trapuntato, riempitura piuma d'oca con dima interna in resina espansa D21 + D40 + D45 + D18

Piano di molleggio lamelle di faggio **Altezza seduta** 40 cm con piedi in metallo, 39 cm con piedi in plastica

Altezza bracciolo 61 cm con piedi in metallo, 60 cm con piedi in plastica **Piedi** metallo cromato h. 6,5 cm oppure plastica h. 5,5 cm

Structure wood **Frame padding** non-deformable polyurethane D32 covered with synthetic lining 6 mm

Seat padding quilted cotton cover filled with goose down and resin foam template D45 + D30E or non-deformable polyurethane D40 + D30

Back padding cotton cover filled with mixed down (rhomb-fe)

Height adjustable backrest frame: varnished metal. Details in view in chromed metal. Upholstery: non-deformable polyurethane D70 covered with synthetic lining 6 mm

Adjustable arm frame: varnished metal. Details in view in chromed metal. Upholstery: quilted cotton cover filled with goose down and resin foam template D21 + D40 + D45 + D18

Springing beech-wood laths **Seat height** 40 cm with metal feet, 39 cm with plastic feet

Arm height 61 cm with metal feet, 60 cm with plastic feet **Feet** chromed metal h. 6,5 cm or plastic h. 5,5 cm

Structure bois

Rembourrage structure polyuréthane indéformable D32 revêtu de petit velours 6 mm

Rembourrage assise coton piqué, remplissage de plume d'oie avec gabarit en résine expansée D45 + D30E ou polyuréthane indéformable D40 + D30

Rembourrage dossier coton remplissage en mélange de plume (Rhomb-fe)

Support dossier réglable en hauteur structure: métal verni. Les détails visibles sont en métal chromé. Rembourrage: polyuréthane indéformable D70 revêtu de petit velours 6 mm

Accoudoir réglable structure: métal verni. Les détails visibles sont en métal chromé. Rembourrage: coton piqué, remplissage de plume d'oie avec gabarit en résine expansée D21 + D40 + D45 + D18

Ressorts lattes de hêtre **Hauteur assise** 40 cm avec pieds en métal, 39 cm avec pieds en plastique

Hauteur accoudoir 61 cm avec pieds en métal, 60 cm avec pieds en plastique **Pieds** métal chromé h. 6,5 cm ou plastique h. 5,5 cm

Struktur Holz

Polsterung Struktur unverformbares Polyurethan D32 verkleidet mit synthetischem Überzug 6 mm

Polsterung Sitzkissen gesteppte Baumwollhülle mit Füllung aus Gänsfedern und Kern aus Harzschaum D45 + D30E oder unverformbares Polyurethan D40 + D30

Polsterung Rückenkissen Baumwollhülle mit Füllung aus Federn Gemisch (Rhomb-fe)

In der Höhe verstellbare rückenstütze Struktur: lackiertes Metall. Sichtbare Details aus verchromtem Metall. Polsterung: unverformbares Polyurethan D70 verkleidet mit synthetischem Überzug 6 mm

Verstellbare Armlehne Struktur: lackiertes Metall. Sichtbare Details aus verchromtem Metall. Polsterung: gesteppte Baumwollhülle mit Füllung aus Gänsfedern und Kern aus Harzschaum D21 + D40 + D45 + D18

Sitzflächengestell Buchenholzlamellen **Höhe der Sitzkissen** 40 cm mit Metallfüsse, 39 cm mit Kunststofffüsse

Höhe der Armlehnen 61 cm mit Metallfüsse, 60 cm mit Kunststofffüsse **Füsse** aus verchromtem Metall h. 6,5 cm oder Kunststoff h. 5,5 cm

Estructura madera

Tapizado estructura poliuretano indeformable D32 revestido de guata sintética 6 mm

Tapizado asiento algodón matelase; relleno de plumas de ganso con alma de resina expansa D45 + D30E o poliuretano indeformable D40 + D30

Tapizado respaldo algodón con relleno mixto de plumas (Rhomb-fe)

Respaldo ajustable en altura estructura: metal barnizado. Tapizado: poliuretano indeformable D70 revestido de guata sintética 6 mm

Brazo ajustable estructura: metal barnizado. Tapizado: algodón matelase; relleno de plumas de ganso con alma de resina expansa D21 + D40 + D45 + D18

Plano de apoyo lamas de haya **Altura asiento** 40 cm con pies en metal, 39 cm con pies en plástico

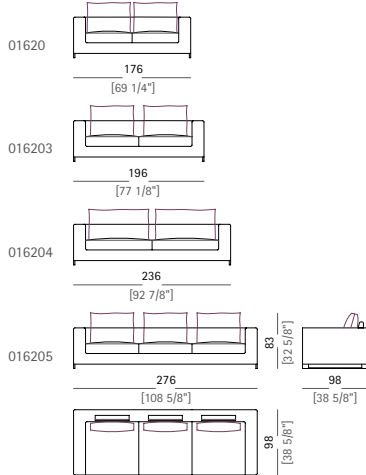

Altura brazo 61 cm con pies en metal, 60 cm con pies en plástico **Pies** metal cromado h. 6,5 cm o plástico h. 5,5 cm
